CONSIGNEE FOR SALE _____

STORAGE _____

RECEIVER _____

Comments, on the condition of cattle on arrival.

Cattle were last _____ Premise ID: _____

Watered Location _____ Time: _____

Feed and rested Location _____ Time: _____

Transfer of Care: is required under the Federal transportation regulations.

Animals in transit must be under the care of a designated person responsible for their well-being and welfare. No animal(s) can be left at an auction mart, packing plant or other assembly centre without written documentation of transfer of care. It is critical that animals are not left without confirming onsite that someone will be providing and responsible for care.

This document is especially important if you receive animals that have been compromised while in transits. Proper documentation and the care of these animals especially important to avoid AMPs from CFIA.
